

# V7 WIRELESS NANO LASER MOUSE

## with storable nano receiver

Featuring the latest in connectivity convenience, the V7 2.4 GHz Wireless Laser Mouse with storable Nano Receiver features an in-mouse USB connection. The sleek mouse's low battery indicator means no surprises when power runs low.

With highly durable, textured plastic, the mouse provides a smooth gliding experience, achieving maximum precision with minimal movement. Its shape and non-slip rubber grip augment its smooth operating experience. The mouse is 100 percent compatible with Windows 2000/XP/Vista/7 or above and features 1200 dpi with a comfortable built-in tilt wheel.
